Career Objective

Seeking a position where I can apply and enhance my knowledge, skills and technical expertise in Construction Management, Planning, Project Management and BIM, while contributing to the growth of the organization and building a successful professional career.

Education

Program	Institution / Board	% / CGPA	Year
M. Tech (Construction Management)	Walchand College of Engineering, Sangli, Maharashtra	Pursuing 6.17 CGPA	2024 - 2026
B. Tech (Civil)	Dr. Babasaheb Ambedkar Technological University, Lonere	7.53 CGPA	2023 - 2024
Higher Secondary School	Pen Private High School and Junior College, Pen	63.23 %	2018 - 2020
Secondary School	Smt. Sumatibai V. Deo Madhyamik Vidyalaya, Pen, Raigad	80.00 %	2017 - 2018

Key Projects

1. Research on Development of a Low-Carbon Concrete Using Paper Industry Boiler Ash as a Supplementary Cementitious Material 2026

(M. Tech 2nd Year / Guide: Dr. A. K. Mali) **WCE, Sangli.**

- Ongoing research on developing a low-carbon concrete by using boiler ash from the paper industry as a partial replacement for cement, aiming to reduce cement consumption and embodied carbon.
- Scope: Evaluating the suitability of boiler ash as a supplementary cementitious material and its effect on the properties and strength of concrete.

2. Research and Study of 3D Printed Construction Technique with respect to BIM 2025

(M. Tech 1st Year / Guide: Dr. D. S. Patil) **WCE, Sangli.**

- Studied 3D concrete printing as an emerging construction technique and its integration with Building Information Modelling (BIM) for design, planning and execution.
- Scope: Reviewed the process, materials, advantages and limitations of 3D printed construction, and how BIM workflows can improve accuracy, speed and cost control.

3. Comparative Study of Soil Stabilization using Fly Ash and Lemon Peel Powder

2024

(B. Tech 4th Year / Guide: Dr. S. M. Pore) **Dr. Babasaheb Ambedkar Technological University, Lonere**

- Carried out a comparative study of soil stabilization using fly ash (industrial waste) and lemon peel powder (natural, bio-based material) on soil samples collected from different regions of Maharashtra.
- Scope: Compared the effect of both materials on the engineering properties of soil to identify an economical and eco-friendly stabilizer.

4. Soil Stabilization using Fly Ash

2023

(B. Tech 3rd Year / Guide: Dr. S. M. Pore) **Dr. Babasaheb Ambedkar Technological University, Lonere**

- Studied the use of fly ash to improve the engineering properties of soils collected from different regions of Maharashtra.
- Scope: Tested soil samples with varying fly ash content to assess improvement in soil behaviour and suitability for construction use.

Course Work

1. Project Scheduling of a G+10 Building (M. Tech 1st Year)

- Planned and scheduled a G+10 building project. Technology: MS Project

2. Planning and Modelling of a G+1 Residential House (M. Tech 1st Year)

- Prepared the plan and BIM model of a G+1 residential house. Technology: AutoCAD, Revit

3. Planning and Scheduling of a G+11 Hospital Building (M. Tech 1st Year)

- Prepared a detailed project schedule for a G+11 hospital building. Technology: Primavera P6

4. GIS Mapping of Pen, Raigad (M. Tech 1st Year)

- Prepared a GIS map of the Pen area, Raigad. Technology: QGIS

5. Revit for BIM (Certification) (M. Tech 1st Year)

6. Presentation on Prefabricated Construction in High-Rise Buildings in Mumbai (Seismic Zone III) (M. Tech 1st Year)

7. Planning of a G+2 Residential Building (B. Tech 4th Year)

- Prepared the plan of a G+2 residential building. Technology: AutoCAD

Technical Skills

- **Software:** Revit, AutoCAD, QGIS, Primavera P6
- **Tools:** MS Project, Microsoft Excel, MS Word, MS PowerPoint

Internships

1. J. M. Mhatre Infra Pvt. Ltd. - Bridge Construction on BR 4, Navi Mumbai Airport (2 June 2026 - 2 July 2026, 1 month)

- Gained on-site exposure to bridge construction works as part of the Navi Mumbai Airport project.

2. Sathe Construction - Residential Building G+8 (B. Tech 3rd Year, 1 month)

- Gained practical exposure to the construction activities of a G+8 residential building.

Extracurricular Activities

- Vice President of Eco Roots Club, WCE Sangli (M. Tech 2nd Year)
- Coordinator for a 2-day workshop on Revit for BIM (M. Tech 1st Year)

- Technical Coordinator for the International Conference on Sustainability in Civil Engineering, held at Walchand College of Engineering, Sangli (M. Tech 1st Year)
- Lead Coordinator for the college Cultural Event (B. Tech 4th Year)

Languages Known

- Marathi
- English
- Hindi

Interpersonal Skills

- Good communication skills
- Smart worker
- Good adaptability to the working environment

Hobbies

- Professional magician
- Playing chess

Declaration

I hereby declare that all the details furnished above are true to the best of my knowledge and belief.

Place: Pen, Raigad, Maharashtra (India)

(Sahil Gaikwad)

Date:
